

**Friedman, A. R., G. Reverdin, M. Khodri, and G. Gastineau (2017), “A new record of Atlantic sea surface salinity from 1896 to 2013 reveals the signatures of climate variability and long-term trends”, *Geophys. Res. Lett.*, 44, 1866–1876, doi:10.1002/2017GL072582.**

Erratum, November 2017: The annual mean surface salinity data are calculated from December–November (e.g. 2000 is from Dec 1999–Nov 2000), not March–February as reported in the paper. None of the results of the study are changed by this error.
